Material Safety Data Sheet

1.0 Identification

Product Name:	Coco / Coir Growing media Coco Grow Bags / Coco Slabs / Coco Blocks Coco Bales / Coco Planter bags / Coco Bricks Coco Chips / Coco Crushed / Coco disks
Chemical Name:	Not Applicable
U.N Number:	None
Dangerous Good Class:	Not Hazardous
Secondary Risk:	None
Hazard Group:	Not Hazardous
Hazchem group:	Not Hazardous
EPG:	None
Poisons Schedule:	Not a scheduled poison
Uses:	Horticultural / Agricultural substrates and Landscaping material

1.1 Physical Description/Properties

Appearance:	Brownish Natural organic substances
Order:	Odourless
pH:	4.5 – 7
Flammability	Not flammable
Solubility in Water	Not Soluble
Lower Explosion Limit	Not Applicable
Upper Explosion Limit	Not Applicable
Bulk Density	Varies
Specific Gravity	Varies
Melting Point	Not Applicable
Boiling Point	Not Applicable
Vapour Pressure	Not Applicable
Evaporation Rate	Not Applicable

1.2 Ingredients

Natural Coco peat
Natural Coco fibre
Natural Coco Chips
Natural Coco crush
All ingredients are organic material extracted from the husk of the Coconut palm (Cocos nucifera)
